● Contact us (KVMSwitchTech)

KVMSwitchTech
118 W. Streetsboro St., Suite 125 Hudson, OH 44236
Tel: 234-380-5708

● **Caution**

Use the DC adapter (5V, 2A) included in the product package for the receiver, which is connected to the display device and requires the external power supply. The transmitter connected to the source device normally used the power from source. Therefore, no external DC adapter is required except some device with the special specifications. In this case, use the external DC adapter used for the transmitter.

(Connect transmitter to adapter only in case of either insufficient power or no power from source device.)

● **Troubleshooting**

- | | |
|---|--|
| | - Check if the source device power is on. |
| Screen is not displayed. | - Check if connections to the source and display device are correct. |
| | - Turn the source device power off and on again. |
| Noise is shown on the screen. | -Check the HDMI connection. |
| | -Check the display resolution. |
| - If the malfunction is not fixed by the above measures, please contact us. | |
